From your Executive Director

It's been a very busy summer, closing the 2017-18 school year and making plans to start the new year! All nine schools renewed their School Support Agreements and only one new staff position needed to be filled. That helps CIS Rowan to get a "fast start" to the new school year!

The Extended Learning and Integrated Student Support (ELISS) Grant was renewed for 2018-2019 in the amount of \$220,504.00 helping to fund 40 hours of Student Support services at all nine CIS schools. Thanks to the NC General Assembly and NC Dep't. of Public Instruction for making this possible!

For the children,
Ron
